

The screenshot displays a financial software interface with two main windows. The top window is titled 'JAARREKENING IN EURO' and contains fields for the year (2013), currency (EUR), and company name. Below this, there are fields for 'Naam', 'Factuuradres', 'Adres', 'Functie', 'Gemeente', 'Nr.', and 'Dag.'. The bottom window is split into two columns: 'BALANS NA WINSTVERDELING' on the left and 'BE SULTATENREKENING' on the right. Both tables have columns for 'Totaal', 'Budget', and 'Verslagjaar'. The balance sheet table lists various assets and liabilities, while the income statement table lists revenue, expenses, and profit.

hun betekenis

A diagram illustrating the relationship between the balance sheet and the income statement. A hand holds a magnifying glass over a simplified balance sheet table with columns 'Actief' and 'Passief'. The table is divided into 'waar naartoe' and 'van waar'. A blue arrow points from the text 'doorlopend' to the right side of the balance sheet. Below the diagram, a screenshot of the full financial software interface is shown, with a hand holding a magnifying glass over the 'BALANS NA WINSTVERDELING' table.

A diagram illustrating the relationship between the income statement and the balance sheet. A hand holds a magnifying glass over a simplified income statement table with columns 'aankopen + kosten' and 'omzet'. Below the diagram, a screenshot of the full financial software interface is shown, with a hand holding a magnifying glass over the 'BE SULTATENREKENING' table.

de rekeningen

(t-rekeningen)

The diagram illustrates the flow of data from a BALANS account to a dagboek (journal) and then to a grootboek (ledger). Red arrows indicate the direction of data flow.

Actief	BALANS	Passief	6	Resultatenrekening	7
Bank 30 000		Kapitaal 30 000			

dagboek

	D	C
550 Bank	30 000	
@ 100 Kapitaal		30 000
(hier komt desgevallends wat toelichting)		

grootboek

D	550 Bank	C	D	100 Kapitaal	C
(1)	30 000			30 000	(1)
